(voluntary)

.....

Why are you applying for the IFAGG council?

I have been a member of IFAGG for a year now. Which gave me a big push for the IFAGG movement in my country. Being a consul means being the face of IFAGG, fair, smart and sensitive.

Which Council section you have special skills? (e.g. strategy, ethical work, development, education, finance etc.)

I come from the field of finance and have a background of about 15 years as a bookkeeper invarious companies. Therefore, I believe I can contribute a lot in the finance section.

What are your strengths?

First, I have a significant background in sports in general, and in the gymnastics field in particular. My eldest daughter was a rhythmic gymnast for many years and even represent Israel in Tokyo Olympic games. In addition to that, I know how to work under pressure, manage tasks and of course I have human relations and a lot of patience.

Gymnastics and AGG background / activity on international and national level

While my daughter was part of the Israeli national team in rhythmic gymnastics, I took part behind the scenes. I helped in the administrative aspect. In addition to that, I have been serving as the President of AGG in Israel for four years.

Other activity, positions of responsibility, other duties and networks

Like I said, I'm leading AGG in all aspects in Israel for three years. During this time, I made a lot of contacts in Israel and around the world. I built everything from the beginning, recruited coaches and girls.

What will be the main challenges of IFAGG in the future (from your point of view)?

I think the main challenges of IFAGG in the future will be recruiting more countries to AGG, creating international awareness, recruiting sponsors and be a part of the Olympic games.

How do you evaluate IFAGG actions? What do you value in IFAGG?

I think the IFAGG does a wonderful job and has human relations worthy of praise. In addition, there is a quick response to any problem, and provides solutions to any problem. There also doing an amazing and important job when it comes to expose AGG to the world.

What do you think will be IFAGG's possibilities in the future?

The difficulties I mentioned earlier are also the possibilities of IFAGG in the future, first and foremost, recognition as an Olympic sport in addition to exposing AGG to other countries in the world.

Which matters you would promote in IFAGG?

I would like to promote issues related to advertising this sport. Many countries still do not understand how talented and promising this sport is.

How would you commit to IFAGG?

I will give my best effort and time to develop and help AGG.
