

IFAGG REPORT 2023

International Federation of Aesthetic Group Gymnastics, IFAGG

International Federation of Aesthetic Group Gymnastics, IFAGG, was established on 12 October 2003 and is the recognized world governing body of Aesthetic Group Gymnastics (AGG). Already, before establishing IFAGG, AGG active countries did co-operation via international AGG Committee (2001-2003).

The IFAGG is a non-profit international federation, and it has been properly and legally registered as such. Its mission and purpose are strictly to advance the sport of Aesthetic Group Gymnastics. IFAGG is the supreme authority on all matters relating to International Aesthetic Group Gymnastics.

General information

1. Mission statement

The aims and tasks of IFAGG are

- to promote the sport of AGG
- to coordinate international competitions and events
- to grant the right to host World Championships and other IFAGG authorized competitions
- to develop and maintain the international rules of AGG
- to develop training materials and education for coaches and judges
- to foster cooperative relations with other international sport organizations
- to represent the interests of AGG throughout the world when dealing with other organizations.

2. Development of IFAGG during 2023

The year 2023 marked a significant milestone for the International Federation of Aesthetic Group Gymnastics (IFAGG) as we celebrated our 20th anniversary. Throughout the year, IFAGG continued its mission to promote and develop the sport of Aesthetic Group Gymnastics (AGG) globally. With notable achievements in administration, competition, and international outreach, IFAGG remains committed to advancing AGG and fostering a strong global community of athletes, coaches, and supporters.

Key highlights:

1. **20th Anniversary Celebration:** IFAGG commemorated its 20th anniversary with various special events and initiatives throughout the year. This milestone provided an opportunity to reflect on the federation's accomplishments and contributions to the growth of AGG worldwide.
2. **World Championships in Asia:** For the first time in IFAGG history, the World Championships were hosted in Asia, specifically in Kazakhstan. The event showcased the diversity and talent within the AGG community in Asia and further solidified IFAGG's commitment to global inclusivity.
3. **New Statutes Adoption:** IFAGG implemented new Statutes, reflecting the evolving needs and priorities of the federation. These updated governance structures ensure transparency, accountability, and efficiency in IFAGG's operations, laying a solid foundation for future growth and development.
4. **Launch of New Competition Rules:** IFAGG introduced new competition rules, which were long waited by athletes, coaches, and officials. These updated rules aim to enhance the

competitive experience, ensure fairness, and align with international standards, further elevating the quality of AGG competitions worldwide.

5. Developing the sport of AGG: IFAGG continued to invest in the AGG development program, including training camps, coaching and judging education, choreography support and administrative help in member countries. The aim is to increase the participation to competitions.

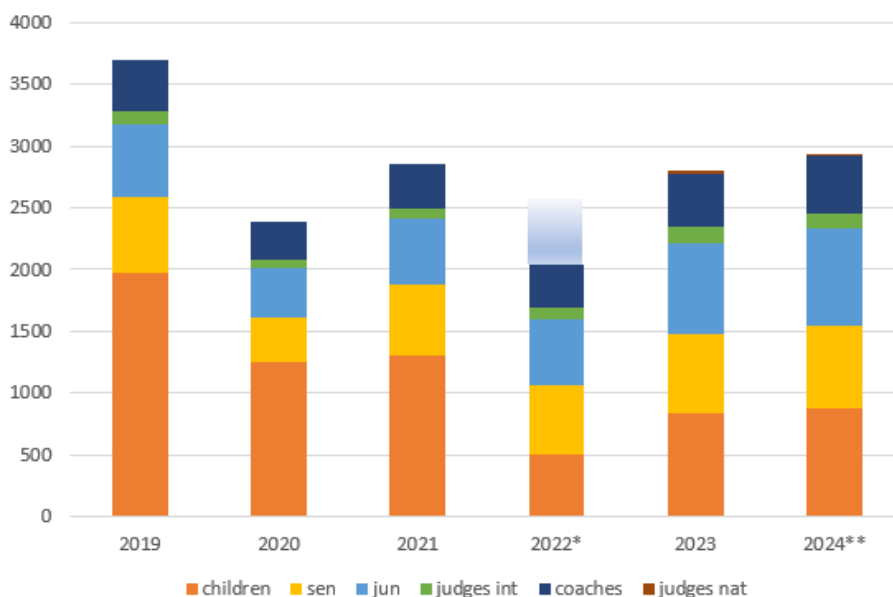

In conclusion, the year 2023 was a momentous year for IFAGG, marked by significant achievements and milestones in administration, competition, and international outreach. We thank all our members, athletes, coaches, judges, officials, and supporters for their dedication and commitment to the sport. Together, we will continue to elevate aesthetic group gymnastics to new heights in 2024 and beyond.

3. IFAGG Members 2023

IFAGG has members in six continents: Africa, Asia, Australia/Oceania, Europe, North and South America. At the end of 2023, IFAGG had 35 A-members and 11 B-members.

IFAGG Development program aimed to activate members to participate in international events. In 2023 the number of senior and junior licenses exceeded the amounts of year 2019 (pre-covid) and is assumed to be the highest in IFAGG history. The total license number after 2022 is not comparable to 2019-2021, as since 2022 children of 10 years and younger have not needed a license.

C-members: no C-members during 2023 and this membership category was removed in the new Statutes.

After the new Statutes were officially approved in 2023, IFAGG can only have ordinary (A) members and club (B) members, the C-membership was removed, and from one country can be only one A member or maximum three B members.

In General Assembly 2023, the following members were expelled:

A-members: Brazil / Confederaçao Brasileira Ginastic Estetica de Grupo (C.B.G.E.G.) (due to not fulfilling financial obligations)

B-members: Slovenia / Športni klub Bleščica (not fulfilling financial obligations), Luxembourg / Gymnastic Society Aurore Oetrage (as coexistence of A and B member from the same country is no longer possible)

One member resigned: B-member Andorra / FC Ordino (joined the Andorra A-member).

General Assembly decided to expel also A-member AEGEG from Spain, which had been suspended during 2023, to solve the stalemate situation with this member.

4. Competitions

World Championships 2023

First time in IFAGG history, the World Championships were held in Asia, as Kazakhstan glamorously hosted the World Championships and Junior World Championships in Almaty 24th – 26th November. There were 19 teams from 12 countries in World Championships, and in juniors 15 teams from 9 countries, in this IFAGG annual main event. In IFAGG Trophy for mixed teams and short programs, there were altogether 18 teams from 4 countries.

World Championship medalists:

gold Expressia / RFAG Federation (the team competed without country name and flag)

silver The National Team / BUL

bronze National Team / BUL

Country ranking / World Championships 2023

For the first time IFAGG introduced the AGG Asia Cup series, which consisted of three cup competitions in Malaysia, Singapore and Japan, and finals in Hong Kong. The cup series was successful, and it motivated to continue the cup series in 2024. The Asia Cup ranking 2023 was:

- 1st place: Total Gymnastique Clubs, Malaysia
- 2nd place: D'gymnastique Academy, Singapore
- 3rd place: Team Shoin, Japan

Important part of spreading the sport has been international B- and C-category competitions and tournaments in live and online.

During the year 2023, IFAGG Council has evaluated the situation and considered the guidance of the International Olympic Committee and Council decision regarding the restrictions of Russia and Belarus participation in competitions and events remained in force. This prevented the participation of these countries in some of the competitions and, based on national decisions, the participation

of some other countries in those competitions which Russia or Belarus participated, including World Championships. IFAGG Council continues to follow the situation and wishes that the situation would improve as soon as possible.

5. Educational activities

In 2023, IFAGG continued educational activities for judges and started international coaches' courses. The focus of courses was in AGG techniques and in new junior and women rules. IFAGG also introduced an educational management course, held in Sofia Bulgaria and online, to support IFAGG members in administrative processes, like registrations and competition organizing. The course was popular, with 39 participants from 21 members organizations.

Asia Working Committee also organized an AGG IFAGG Asia International Coach Course, with the IFAGG Development Project:

- Level 1 in Kajang, Malaysia, June 4-9
- Level 2 in Tokyo, Japan, October 1-4

Additionally, IFAGG organized webinars – one management course to support members in administration and management, and two webinars to inform members on competition rules.

With Council decision the judges from Ukraine were allowed to participate online and do online exam during 2023.

6. Disciplinary and Ethics regulations

With the updated Statutes, IFAGG also must update Code of Discipline, to align with the Statutes and to include Disciplinary Committee in the disciplinary process. Some updates were proposed already to GA 2023, but these updates to Code of Discipline were not approved, and GA 2023 decided to give the new Chairperson of Disciplinary Committee and the new Committee a task to make a proposal for changes to be decided in extra General Assembly in Spring 2024.

IFAGG General Code of Ethics is unchanged, and it is for everyone who is participating in the IFAGG activities in any role.

IFAGG follows WADA's anti-doping guidelines and continues to advance the documents and processes required by WADA. Also the new Statutes state that IFAGG declares that doping is prohibited, and the provisions of the WADA Anti-Doping Code shall apply to all persons and competitors under the jurisdiction of the IFAGG and its members.

Equality

Aesthetic Group Gymnastics' history and traditions are based on "women" group gymnastics. IFAGG as an international federation has been spreading the sport for all. IFAGG has supported the development and mixed teams have been a part of IFAGG competition categories for several years, as recommended by IOC. In 2023, new competition rules for mixed teams were in development, targeting to introducing the new rules in January 2025.

Otherwise, all equality, integrity and dignity issues have been proceeded via IFAGG Code of Ethics that have been published in GA 2018.

7. Administration

The highest authority and decision making body is General Assembly, in which the members have right to be represented. The Council leads the IFAGG between General Assemblies and is the executive body of IFAGG. In 2023 IFAGG had five committees to to develop IFAGG activities. IFAGG Council strengthened the development of judging by setting up a judges committee. Technical Committee continued as an extremely active and efficient committee to drive AGG technical development, supported by educational working group. The Asian Working Committee was started in January 2023 to facilitate growth in Asia. The administrative tasks are handled by the IFAGG Office.

General Assembly

IFAGG's General Assembly 2023 was held on 27 November 2023 as a hybrid meeting in Almaty, Kazakhstan and online. 29 A-members and 4 B-members participated in the GA.

GA 2023 was run with the new Statutes, which were approved in the GA 2022 and came into force in August 2023 when the Finnish Patent and registry office registered the new Statutes after thorough validation. Some key changes were: IFAGG now has two types of memberships (ordinary and club members), IFAGG Council got two more members (from 6 to 8 members plus President), term of President and the Council members changed from two to four years and were limited to maximum three terms, Disciplinary Committee was initiated, and role of Technical Committee was added.

GA had an election of President and Liliya Morozova was re-elected and election of five council members and Jaana Widenius (FIN), Sarah Sherif (EGY), Saori Kubota (JPN), Lea Kriibi (EST) and Anastasya Telegina (ISR) were elected to Council. The Chairperson of Disciplinary Committee was elected to be Kirill Tervo (from Finland).

The updates to Code of Discipline were not approved, but GA 2023 decided to give the Disciplinary Committee task to make a proposal for changes and requested Council to organize an extra GA in Spring 2024.

GA 2023 voted the place of World Championships 2026 to be in Osaka, Japan.

GA 2023 appointed four honorary members: Anneli Riga (CAN), Evelyn Coop (CAN), Tarja Rasimus-Järvinen (FIN), and Marietta Dukova (BUL). They have made a great contribution to the development of aesthetic group gymnastics during the 20 years of IFAGG.

Extraordinary General Assembly

No extraordinary General Assembly was held in 2023.

Council

In 2023 the Council of IFAGG held 11 meetings. Meetings were organized as online meetings (1.2., 15.3., 17.4., 20.6., 23.7., 4.9., August (email meeting), 12.10., 30.10., 4.12.) or as live/hybrid meetings (20.10. in Chiari, ITA). The president led the work of the Council.

IFAGG office

In 2023 IFAGG office operated with an own employee (80% part-time), an administrative coordinator Joanna Lervik, in the lead of IFAGG President and General Secretary. The accounting services were purchased from Tilbic Oy, and the nominated accountant has been Nina Laurila.

Projects

IFAGG continued the development program started in 2022 to help the members to develop and spread the sport of AGG in the countries. The project aims at achieving new participants in junior and/or women World Championships in the next 2 years, getting the members to participate with more teams in international competitions and in national competitions and educating judges and coaches in the countries.

8. Promotion and media

The Asian Working Committee promoted AGG in Asia by implementing Asia Cup and hosting the international Asia coaching course. The promotion in Asia was highlighted by the first World Championships in Asian continent, as Kazakhstan hosted this IFAGG main event in Almaty.

The IFAGG Promotion Committee has promoted sport of AGG and IFAGG to some potential partners and sponsors and shared information of AGG.

The main media for IFAGG continues to be its website, which was supported with social media during key events to engage with fans and to attract new audiences.

IFAGG main media is the website *ifagg.com*. The website has been an active media for sharing news and materials for members and for public. The website has also been used to collect registrations to events and webinars. IFAGG also has a sub-site for Asia.

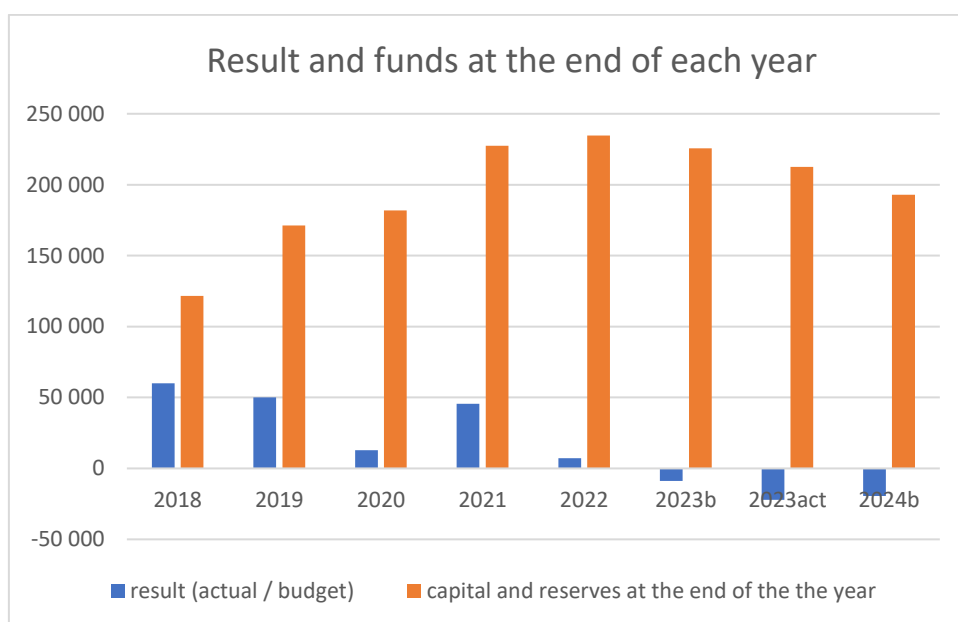

Konstantin Santalov has been responsible for providing administration, support and maintenance of the website.

During key events social media is utilized to engage with fans and to attract new audiences. In social media, IFAGG has two official accounts: in Instagram (*ifagg.aestheticgroupgymnastics*) and in Facebook. In addition to promoting biggest events, the content in IFAGG social media focuses on informing of topical news and guiding followers to IFAGG website.

9. Finances

IFAGG is a non-profit organization. Membership fees and license fees form the base for finances, and other key sources of income are educational events' participation fees and competition organization fees.

Development of IFAGG result and funds over years were reviewed in the General Assembly:

IFAGG incomes of actual activities increased in 2023 and were 80 848 EUR (61 621 EUR in 2022). This resulted from higher number of licenses (gymnasts, coaches and judges), higher incomes from educational activities due to more educational events and more participants and also competition organizing fees increased a bit as the competition organizing fees were returned to normal level. Despite of increase of incomes from 2022, the actual incomes remained behind budgeted due to less education course incomes than budgeted and less competition organizing fees from world cups than planned. The increased license fee incomes (36% more than budgeted) did not cover decrease in education and competition incomes.

In 2023, IFAGG updated the license register so that members can order their licenses themselves. This removed some administrative work and increased the operational efficiency and ensured increased license fee incomes.

However, inflation and increased flight and accommodation prices also raised expenses, as IFAGG activities require international travelling.

To continue expanding and to activate current members, IFAGG invested in Development program 26 083,68 EUR (budgeted 25 000 EUR). The development program costs consist primarily of travelling costs and instructor and choreography fees.

Compared to budget, actual personnel costs were lower, as education course instructor fees were booked under other expenses due to their nature as fees to instructors, not personnel costs.

The incomes from membership fees declined from 2022. The incomes from fundraising were 45 066,50 EUR (49 561,50 EUR in 2022). The Ukrainian federation of AGG (FAGGU) was exempted from all the payments for 2023 due to the war in Ukraine.

With these activities, the result of year 2023 ended -22 125,00 EUR (+7 138,97 EUR in 2022).

IFAGG did not get subsidies or sponsor support.

In 2023, IFAGG Council did an additional expense inspection for years 2016-2021 to ensure IFAGG funds have been spent appropriately. No clear misuse was found, and use of money has been according to law and regulations. However, there were several cases with lack of transparency, for which Council expresses strong concern of ethical implications of these deficiencies. For this reason, IFAGG continues to put effort in increasing transparency and clarifying financial regulations.

Year 2024

The outlook for year 2024 is that economical situations in many member countries are still quite tough, while at the same time inflation is raising prices and impacting international travelling costs.

IFAGG General Assembly 2023 confirmed to keep membership fees for A and B members unchanged. Membership fee for A-members is 1200 EUR and for B-members 600 EUR. The registration fee for A-members is 400 EUR and B-members 300 EUR, and it must be paid once per membership level (when approved as new member for A- or B-level member).

IFAGG Council is keeping the gymnast licenses for children under 12 free but increased the license fee for coaches. The competition organizing fees stay the same as in year 2023.

IFAGG continues to aim at positive result from actual operations but with costs of development program and promotion the total result is planned to be on minus and to be covered from earlier years' profits. Even with the planned development investment, IFAGG's financial situation remains stable.

In February 2024 IFAGG has received an appeal from Court of Arbitration for Sport (CAS) regarding the expulsion of former member AEGEG. The procedure is currently suspended.
